Dear Engr. Guillen,

*Certification to ISO 9001:2015*

After your completion of the requirements for certification, Certification International Philippines, Inc. hereby awards *National Irrigation Administration* a Certificate of Registration to ISO 9001:2015. The Certificate is valid from 19 November 2023, with the following scope:

*"Public administration covering the provision of irrigation services through the development, construction, operation, and maintenance of irrigation systems."*

Your ISO 9001:2015 Certificate is valid for three years until 18 November 2026, subject to satisfactory results of annual surveillance audits. The further extension of your Certificate after this three-year period will be based on your effective conformity to the requirements of ISO 9001:2015, as determined by a reassessment of your Quality Management System in its entirety. Please see attached surveillance audit schedule.

As a certified organization, you are required to maintain your Quality Management System and to comply with CI's Conditions of Certification, including the use of CI's Certificate of Registration and Certification Mark in accordance with CI Regulations Part 4 and Part 5 (copy enclosed).

The validation of the consistent implementation and effectiveness of your improvement actions on the non-conformities cited during the Stage 2 audit will be carried out on the first surveillance audit.

Congratulations on your accomplishments with the use of ISO 9001:2015 as an instrument for enhancing the competitiveness of your organization and for meeting your stakeholders' needs and expectations. We look forward to a strong partnership that will maximize your organization's benefits from its certified Quality Management System.

Very truly yours,
